Paula,

I am available M, Tu, and Wed, and I am pretty open most of those days. I will be on leave Thursday and Friday, but I could possibly join for a conference call depending on the time.

Thanks,

Ian

Subject: Sunnyside Work Plans - SW, GW, Solid Phase Follow-up Discussion

Pat – I had a chance to speak with Dan Wall a little bit ago and he will be in Durango most (if not all) of next week. He said to just let him know when the conference call is and he would try and make it.

I have copied some of the other folks who submitted comments on 1 or both of the work plans as Liz and I would like to have then participate on the call.

Can you give me some times that Sunnyside would be available for a conference call the week of August 17th and I will try and schedule a mutually agreeable time. I'm not sure that Monday will be the best day as it doesn't leave me much time to get something worked out on Monday AM but T, W and Th should be possible. Please let me know ASASP Sunnyside's availability.

Thank you

Paula Schmittiel
